

PREFACE

Acta Research Reports No. 18, 2009 contains the results of grant projects terminated in the years 2007 and 2008, which were solved in the Institute of Rock Structure and Mechanics, Academy of Sciences of the Czech Republic, v.v.i. and were supported by the Grant Agency of AS CR and the Czech Science Foundation.

Further this issue summarizes two Ph.D. theses, which were defended in the year 2008 and includes the recent development in solved problems. The theses were worked out at the Department of Engineering Geology and Geofactors and the Department of Geodynamics of the Institute of Rock Structure and Mechanics, v.v.i..
