
Journal Publishing Agreement and Copyright Assignment

Assignment of Copyright

I hereby assign to the editorial of the journal Ceramics-Silikáty the copyright in the manuscript entitled

Title of your manuscript:

including any tables, figures and other material submitted for publication as part of the manuscript (in the sequel identified as the Article) in all forms and media (whether now known or later developed), throughout the world, in all languages, for the full term of copyright, effective when the Article is accepted for publication.

Retention of rights for scholarly purposes and author's follow-up work

I understand that I retain or am hereby granted (without the need to obtain further permission) the right to use the preprint, accepted manuscript and published journal article for personal use, internal institutional use and for scholarly sharing. Moreover, it is clear that no rights in patents, trademarks or other intellectual property rights are transferred to the editorial of Ceramics-Silikáty. In the case of the accepted manuscript and the published journal article the retained rights exclude commercial use (unless explicitly agreed in writing by the editorial of Ceramics-Silikáty), other than use by the author in a subsequent compilation of the author's works or to extend the Article to book length form or re-use by the author of portions or excerpts in other works (with full acknowledgement of the original publication of the Article).

Author representations

- The Article I, directly or via a representative, have submitted to the journal Ceramics-Silikáty for review is original, has been written by the stated authors and has not been published elsewhere.
- The Article was not submitted for review to another journal while under review by Ceramics-Silikáty and will not be submitted to another journal when accepted in Ceramics-Silikáty.
- The Article contains no libelous or other unlawful statements and does not contain any materials that violate any personal or proprietary rights of any other person or entity.
- If figures or excerpts from other copyrighted works are used, I have obtained written permission from the copyright owners for any figures or excerpts included and have credited the sources in the Article.
- The Article is not subject to any prior rights or licenses. Should my or any of my co-authors' institution have a policy that might restrict my ability to grant exclusive rights under this Journal Publishing Agreement, a written waiver of that policy has been obtained.
- I declare that there is no Conflict of Interest and that all funding sources have been mentioned in the Acknowledgement.
- If the Article was prepared jointly with other authors, I have informed the co-authors of the Article about this Journal Publishing Agreement and I am authorized to sign this document on their behalf.
- I affirm these author representations and confirm that I have reviewed and complied with the relevant Instructions for Authors, Ethics in Publishing Policies common in other impacted materials science journals.

I have read and agree to the terms of this Journal Publishing Agreement and Copyright Assignment.
